**BCGOLD CORP. REVISES TERMS OF
NON-BROKERED FINANCING**

Vancouver, British Columbia, October 2, 2014 (TSX-V: BCG) – BCGold Corp. (“BCGold” or the “Company”) announces that it has revised the terms of its previously announced private placement. Pursuant to the revised terms, the Company will issue up to 15 million units at a price of \$0.02 per unit (a “Unit”) for proceeds of up to \$300,000. Each Unit comprises one common share and one common share purchase warrant. Each warrant entitles the holder to purchase one additional common share at a price of \$0.05 per share for up to two years after the date of issuance.

The private placement will comprise two offerings on the same terms. The first offering will be for up to \$200,000 and will be open to all existing shareholders of BCG Corp., subject to their jurisdiction of residence. The second offering for \$100,000 is a lead order by a major shareholder.

“BCGold has taken measures to minimize all exploration, general and administration expenditures, and the Company will continue to function on this basis, as required. The Company’s principle focus remains as the continued marketing of the 100% owned Engineer Mine exploration and near-term gold production opportunity. This financing, and \$100,000 lead order in particular, confirms continued shareholder support for this initiative,” states Brian P. Fowler, P.Geol., President and CEO of BCGold Corp. “The Company remains highly encouraged, as it continues to receive and evaluate a number of qualified expressions of interest to partner and advance the Engineer Mine exploration and development opportunity.”

The Units have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or applicable exemption from the registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Units in any jurisdiction in which such offer, solicitation or sale would be unlawful. Any public offering of securities to be made in the United States must be made by means of a prospectus containing detailed information about the Company and management, as well as financial statements.

The Offering is subject to TSX Venture Exchange approval and all securities are subject to a four month hold period. Finder’s fees will be payable in connection with the private placement, in accordance with the policies of the TSX Venture Exchange.

Use of Proceeds

Proceeds from this financing will be used to continue marketing BCGold’s Engineer Mine development and gold concentrate production opportunity, and for general working capital purposes.

About BCGold

BCGold is a Vancouver-based junior resource company focused on copper and gold exploration in under-explored, historic and emerging mining districts in British Columbia and Yukon. The Company acquires

and develops conceptual, early and mid-stage, exploration opportunities and advances them towards resource development. BCGold has generated 27 early to mid-stage gold and copper-gold properties in British Columbia and Yukon.

BCGold's primary gold asset is the 100% owned, historic high-grade gold Engineer Mine property, where the Company has defined a gold concentrate production opportunity through continued exploration, bulk sampling and on-site milling. The Company has recently consolidated its land position at Engineer Mine, acquiring key claims believed to overlay the source area for the Engineer Mine gold mineralizing system. The Company's strategy at Engineer Mine is to focus exploration on an economic epithermal gold deposit, and to continue efforts to secure a qualified partner to finance the gold concentrate production opportunity.
